

# CABMB 2020

**The 6th Conference on Advances in Biochemistry and Molecular Biology (CABMB 2020)** will be held from December 5-7, 2020 in Sanya, China. This Conference will cover issues on Biochemistry and Molecular Biology. CABMB 2020 dedicates to creating a stage for exchanging the latest research results and sharing the advanced research methods.

## CALL FOR PAPERS

### Topics of interest for submission include, but are not limited to :

Macromolecular Structure and Function  
Gene Regulation and Signal Transduction  
Enzymology and Metabolism  
Synthetic Biology  
Membrane  
Biochemistry  
Hormone Biochemistry  
Metabolomics  
Translational Molecular Biology  
The teaching of Biochemistry and Molecular Biology

### Publication and Presentation

Publication: Open Access Journal.

Index: CNKI and Google Scholar

Note: If you want to present your research results but do NOT wish to publish a paper, you may simply submit an Abstract to our Registration System.

### Venue

Sanya is superior in geography climate and natural resources. It is known as "the oriental Hawaii" and "Sunshine City" because of its special tropical scenes as well as its attractive nature. Sanya's tourist resources, richly endowed by nature, are not only special in China, but also rare in the world. It is a most fashionable place where tropical marine tourist resources are closely concentrated and lovers of swimming can enjoy their holidays in winter. Within the city, well-known tourist spots are dotted everywhere--the national Yalong Tourist Area, the Tianyahaijiao, the Great Eastern Sea, the Luhuitou Peninsula, Sanya Bay and the Luobi Grotto. Besides these, there remain the ancient Yazhou City and relics and a sculpture of the Monk Jianzhen of the Tang Dynasty, who landed ashore to avoid the storm when he was sailing eastwards to Japan.
